

EQUIP 3.0

System Compatibility Check

To ensure you get the most out of the new EQUIP, you'll need to make sure you have the following software and settings enabled on your computer.

1. Install Microsoft Silverlight
2. Configure your popup blocker in your web browser

Install Microsoft Silverlight

Follow these instructions to install the Microsoft Silverlight plugin:

1. Navigate to <http://apps.equipforquality.com/>
2. If you see the EQUIP logo (figure 1), your browser is up to date and you can proceed to configuring your popup blocker.

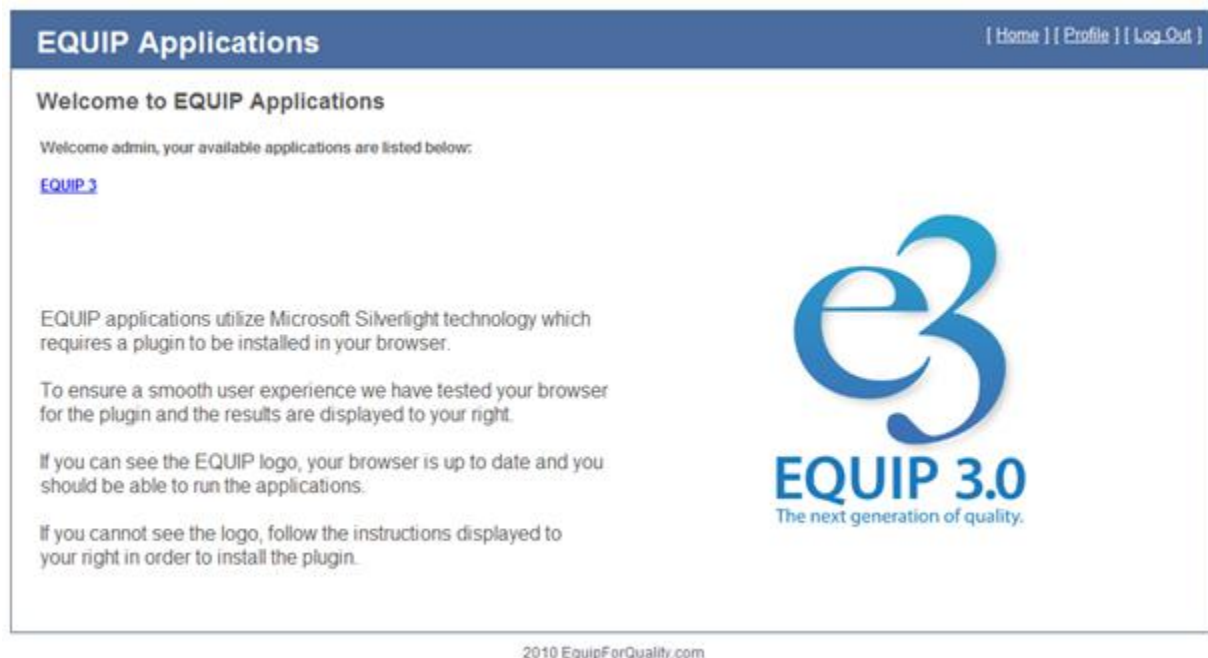

Figure 1 – What you will see if Microsoft Silverlight is already installed.

3. If you see the text "To view this content, please install Microsoft Silverlight" (see Figure 2) then you need to click on the button labeled "Click now to install".

Welcome to EQUIP Applications

EQUIP applications utilize Microsoft Silverlight technology which requires a plugin to be installed in your browser.

To ensure a smooth user experience we have tested your browser for the plugin and the results are displayed to your right.

If you can see the EQUIP logo, your browser is up to date and you should be able to run the applications.

If you cannot see the logo, follow the instructions displayed to your right in order to install the plugin.

2010 EquipForQuality.com

Figure 2 – What you will see if you need to install Microsoft Silverlight.

4. After the download is complete, you may need to double-click on the file to start the install, while some browsers will start the install automatically once the download finishes.
5. After the install completes, again navigate to <http://apps.equipforquality.com/> to verify that what you see looks like figure 1.
6. Proceed to configuring the popup blocker.

Configuring your popup blocker

EQUIP 3.0 displays your reports in print-ready format in popup windows. Use the instructions below for your web browser to ensure you have access to this important feature in EQUIP.

Internet Explorer 7 and 8

1. Open Internet Explorer.
2. Navigate to **Tools > Internet Options**.
3. Click the **Privacy** tab.
4. If the checkbox labeled *Turn on Pop-up Blocker* is checked, proceed to step 5. Otherwise your settings meet our requirements.
5. Click the **Settings** button under the *Pop-up Blocker* section. The *Pop-up Blocker Settings* window appears as shown in Figure 1 below.

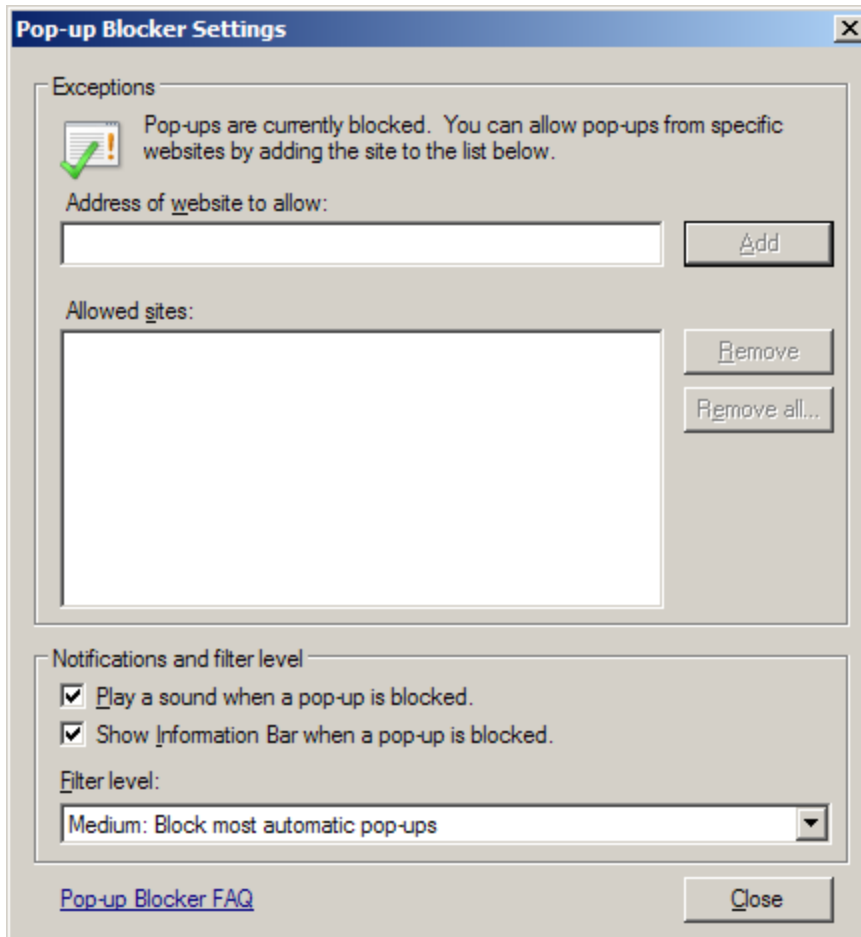

Figure 1 – Pop-up Blocker Settings window

6. In the textbox labeled *Address of website to allow*, enter **apps.equipforquality.com**, then click **Add**.
7. Click **Close**.
8. Click **OK**.

Firefox 3.5 and above

1. Open Firefox.
2. Navigate to **Tools > Options...**
3. Click the **Content** tab.
4. If the checkbox labeled *Block pop-up windows* is checked, proceed to step 5. Otherwise your settings meet our requirements.
5. Click the **Exceptions...** button next to the *Block pop-up windows* checkbox. You should see a window similar to Figure 2 below.

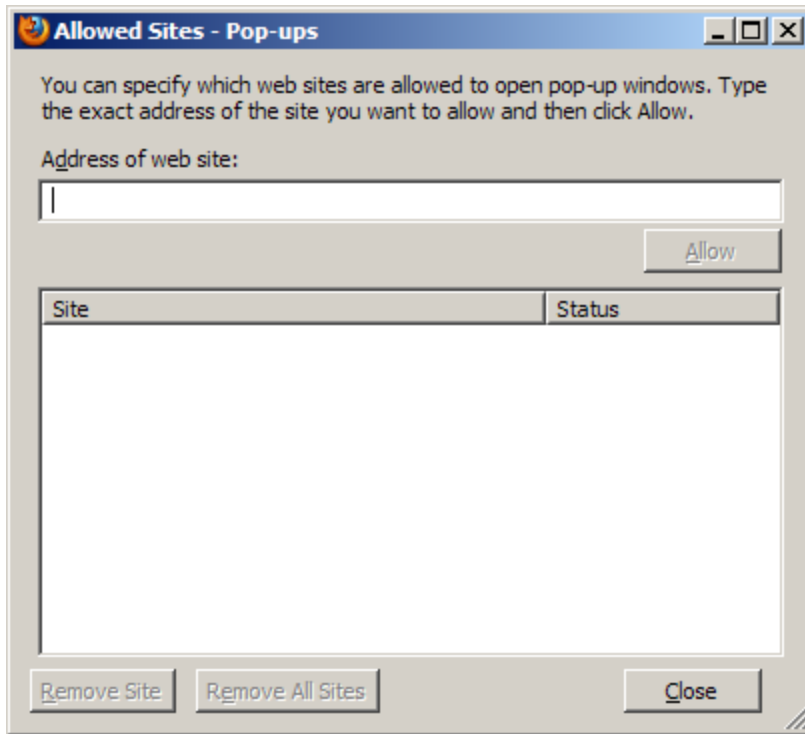

Figure 2 – Firefox Allowed Sites – Pop-ups window

6. In the textbox labeled *Address of web site*, enter **apps.equipforquality.com**, then click **Allow**.
7. Click **Close**.
8. Click **OK**.
